

Jesus Walking With Us

By E. A. Y6CC

Jesus is always with us,
His life devoted to our care.
Walking alongside us on our pathway,
A shepherd to His sheep.
He stands beside us on the darkest days,
A welcoming soul to all,
Sacrificing His life for us,
Sharing our pain,
Engraved in our hearts.

His warmth standing above us,
His heart beaming with love,
A light in the dark,
Committed to loving us.
Jesus is the star in the sky,
A man born to support,
A man who lived to save.
The joy of the world,
Saviour of humanity,
Jesus our King.

He brings the dark into the light,
Personality or race we are equal.
He is there even if you can't see,
Our love,
Our trust,
All we have ever lived for.
A man who refuses to retreat,
Someone who is always there,
Jesus, our love and care.
